About me

I'm Souphakone Keophet, a student at Bangkok University majoring in Computer Science at the School of Information Technology and Innovation. I've been passionate about this subject for as long as I can remember, I'm particularly interested in exploring data analysis and I'm looking forward to gaining more experience and expanding my knowledge in this field.

Work Experience

- OBSG website - providing k-pop products from Big hit company **(Tools : Python , DB Browser for SQLite)**

- OOP Project - The application for designed to display foreign exchange rates for 10 different currencies **(Tools : Java , My SQL)**
